Hello, Northern Lehigh Community

I hope this message finds you well during these unprecedented times. NLSD will offer one more opportunity to pick up a laptop/Chromebook (for secondary students) or a Chromebook (for elementary students). **For Middle School students**, parents/guardians must call ahead and leave a message indicating that they are coming in to get a Chromebook. Please call the Middle School main office number, 610-767-9812, and leave a message with your child's name, grade, and homeroom teacher name. The pickup date will be on Wednesday, March 25th from 11:00am to 1:00pm. Use the same pickup site as the Grab-N-Go Meal line. If you cannot make it during this time, please indicate so in your voicemail message. We can make arrangements up to 6:00pm that same day.

For High School Students, parents/guardians must call ahead and leave a message indicating that they are coming in to get a laptop. Please call the High School main office number, 610-767-9832, and leave a message with your child's name, grade, and homeroom teacher name. The pickup date will be on Wednesday, March 25th from 11:00am to 1:00pm. The pickup site will be at the bottom of the ramp in front of the High School. If you cannot make it during this time, please indicate so in your voicemail message. We can make arrangements up to 6:00pm that same day.

Both Peters and Slatington Elementary families can pick up a Chromebook at their child's school. Parents must call your child's school main office number, (Peters - 610-767-9827 and Slatington - 610-767-9821), and leave a message with your child's name and grade. The pickup date will be on Wednesday, March 25th from 11:00am to 1:00pm. The pickup site for Peters will be in front of the gym entrance and for Slatington in the bus pickup loop. If you have children in both schools, please leave in your voicemail message which site you prefer to pick up the Chromebook. If you cannot make it during this time, please indicate so in your voicemail message. We can make arrangements up to 6:00pm that same day.

If your child attends an out-of-district placement, they can also receive a Chromebook. Please contact the school your child would attend if they were in-district.

All parents/guardians and students should check your school building's main webpage for updated activities and resources for students to use during the school closures.

For all locations, no one will be allowed to enter the school buildings and no other items will be made available during these times.

Please know that the Grab-N-Go Meal program will now be available on **Mondays, Wednesdays, and Fridays** only during the mandated school closures. Each bag will contain enough food until the next distribution.

As always, we appreciate the community's cooperation, flexibility, and patience during the COVID-19 Pandemic.

Stay well and take care of each other as best you can,
