- ❑ Mrs. Husack asked that on an athletes' return to sports, has there been anything driven by the state on how to bring students back who may have had the COVID virus? Any kind of guidance? Mr. Geist commented that there is guidance based on each individual student based on the severity of the illness. There is information that was received from St. Luke's. There could possibly be some cardiac issues that go along with the virus. It also pertains to when a student has the flu or any other type of virus. Each doctor/provider would give that information to each one of our athletic trainers on the student's return to play. It's based on the student, their parent, and their individual provider.
- ❑ Mr. Kern asked to have his name added to the agenda for future meetings.
- ❑ Meeting closed at 5:53 p.m.

***Next meeting is scheduled for Monday, May 3, 2021, immediately following the Education/Policy Committee Meeting***
